

Registration for a plant experiment in the greenhouses and other plots operated by "Dienstleistungsplattform Pflanzenversuche" at the Faculty of Agriculture of the Rheinische Friedrich-Wilhelms-University of Bonn (as of January 2021)

	Date:	Application No.:
Responsible of project or budget		
Institute or Department		
PSP-Element	<i>for direct order of consumable goods</i>	
User		
Telephone; e-mail		
Gardeners-on-duty	<i>Will be allocated in agreement with the scientific chief executive</i>	
Title and aim of the experiment		
Greenhouse, Cabin, Bench (or others):	<i>Will be allocated in agreement with the scientific chief executive</i>	
Duration of the experiment (from... to...):	<i>Will be allocated in agreement with the scientific chief executive; please, indicate dates preferred</i>	
Experimental plant:		
Cultivar:		
GMO-status	<p>The plant is genetically modified or contains genetically modified organisms: <input type="checkbox"/> yes <input type="checkbox"/> no</p> <p>If yes, notification:</p> <p>and specification:</p>	
Size of the experiment:	<i>e.g. no. of plants per pot or container; no. of containers</i>	
Growing substrate and preparation of soil:	<i>e. g. standard substrate, mineral soil preparations, mixed substrates; sterilized?</i>	

Plant containers and size:	<i>e. g. pots, size 12; Growbags or others</i>
Additional notes:	<i>Information necessary for estimation of the needs of the experiment</i>
Growth parameters	
Day-/Night-Temperature ¹ : Day length ¹ :	
Irrigation ¹ :	
Fertilization ² :	
Control of pests and diseases ² :	
Harvesting ³ :	
Other matters:	
Examinations during the cultivation period	
Remarks:	

¹: Climate- and irrigation control will be organized in close agreement with the technical chief executive. Please indicate light-, temperature- and irrigation scheme as preferred.

²: If nothing else is specified, this will be according to „good greenhouse practice“. Fertilization and control of pests and diseases will be applied as necessary according to „good greenhouse practice“.

³: Harvesting will be done by the user or decided in agreement with the technical chief executive.

I accept the regulation of usage as of June 30, 2016 as well as the operating instruction for greenhouse IV incl. the greenhouse plant experiments guideline in their current version (ref. https://ecampus.uni-bonn.de/goto_ecampus_crs_2033646.html).

Signature of the responsible
of project or budget

Scientific chief executive
(Dr. Christa Lankes)

From the details given above expenses necessary for consumable goods are estimated.

Flat rate per m² * area used * no. of months + extra expenses (e.g. for irrigation equipment) = €
